

# Albany Police Department Presents

**RACIAL INTELLIGENCE™**  
TRAINING & ENGAGEMENT

## **RITE Professional Workplace Train-the-Trainer**

A healthy public safety culture has huge dividends inside and outside the organization. Healthy relationships, good communication, fair and equitable engagements leads to high organizational trust and positive relationships with the public. This is especially important with our underrepresented communities. This class includes concepts around wellness, communication, emotional, and social intelligence. This course is for leaders in the agency, peer support staff, and trainers. This course allows the attendee to teach the course materials on behalf of the RITE academy.
