

Class: Developing Combative Speed & Accuracy.

Sponsoring Agency or Agencies: Woodburn Police Department.

Target Audience: Firearms Instructors and skilled shooters (not a basic/intro class).

When: March 7-9, 2023

Time: 0800 to 1700.

Where: Woodburn Police Department

Cost: \$625

Instructor: Combative Firearms Training, LLC

Pre-requisites: Intermediate to Advanced Shooters

Overview: Weapon manipulation skills and the fundamentals of marksmanship go hand-in-hand to create combative speed and accuracy. This course is for people who want to perform at a higher level, improve their shooting skills, and enhance adult learning for long-term retention.

This class provides instructors and operators with information regarding techniques to enhance their ability to apply the fundamentals of marksmanship; techniques and drills to build speed and accuracy; concepts and techniques to build drills to improve performance; how adult-learning affects shooter performance; as well as tips to coach, mentor, and instruct shooters. This class utilizes a highly diagnostic approach to the fundamentals with extensive weapon & gear manipulation. Advanced recoil management, trigger manipulation, shooting platform, movement, and presentation of the pistol will all be covered.

This fast-paced and dynamic class will also take a unique look at a variety of topics including:

- Review of the fundamentals of marksmanship
- Review of common marksmanship problems and shooter solutions
- Training under time duress
- The value and pitfalls of competitive courses of fire

If you're interested in getting to the next level of performance as a shooter and/or instructor, this class will help get you there. This class is filled with information we all should have learned when we first started shooting. Join us and learn how simple it is to shoot really well very quickly!

Deadline to Register: February 7, 2023
